If you do not attend the masque ball Christmas you'll miss the event of the season.

Christmas comes once a year—thanks be to the man who invented the calendar.

For a number of weeks Chas. W. Tewjler, a former Ironton boy and nephew of the editor of the REGISTER, has been acting mayor of Poplar Bluff.

The well at the flour mill was completed yesterday. The well is three hundred feet deep and furnishes an abundance of water but does not flow.

The pupils of the Ironton public school have a short Christmas week. School closes the Tuesday before Christmas and resumes the following Monday.

Man loves to complain; hence what a vered of comfort would have been denied the average Irontonian if the late drought had been tempered by waterworks?

The County Court has employed Arthur Huff and R. L. Carty to audit the books of the various county officers. The examination is now going on and will probably require two weeks to complete it.

That which is of small moment to one person often proves valuable to another. And that is just the sort of thing that is sold and bought at a Rummage Sale.

Wm. Brown, our late type, is now attending a telegraph school in St. Louis. Wm. is getting along all right, but at times is mighty homesick to see Ironton and Ironton folk.

Mr. J. Lopez has kindly consented to take charge of the costumes for the masquerade ball, to be given by the Cornet Band on the night of the 26th. Those interested will call on him.

The school children are not satisfied with the vacation given them for Christmas. They are getting up a petition addressed to the board asking that school be dismissed all next week.

Invitations to the Masque Ball are being issued this week, and a large attendance is expected. The arrangements committee are doing everything in their power to make the affair a success.

Friday evening the Bazar will close with a Rummage Sale, which unites utility with novelty. Do not miss it, for there will be sure to be something there that you want, and you don't want to be sorry after the vendue is concluded.

A young man by the name of Daniels was recently arrested at Piedmont charged with incendiarism, having caused the recent fire in that town. Daniels claimed he was working at the investigation of a party who had some insured property.

Collector O'Neal wishes to call attention of taxpayers to the fact that state and county taxes must be paid before January 1st, or they will become delinquent, and costs and penalty will ensue. So do not delay, but step to the front and settle.

Rev. J. O. Peterson has taken charge of the M. E. Church of this place, and will now have services every Sunday. A reception will be given in his honor at the Smith Sanitarium Friday evening, beginning at 8 o'clock, to which the public are invited. COMMITTEE.

Services in the new Presbyterian church last Sunday were largely attended and the first day in the new sanctuary was highly successful and satisfactory in every respect. The progressive and popular pastor and his congregation are to be congratulated.

At the meeting of the city council Monday evening, Collector O'Neal succeeded in getting an extension of time for delinquent city taxpayers until the next regular meeting of the city council. But you'll have to pay before then if you wish to escape penalty and cost.

Attention is directed to Placht & Son's advertisement in this paper. This firm is one of the most reliable in St. Louis, rendering satisfaction to all its patrons. Carrying a very large stock, it is capable of promptly responding to any call made upon it in the musical line.

An expert machinist from St. Louis was here a couple of days this week, repairing the REGISTER's power press. The press has been in use about seventeen years and this is the first time that repairs of any extent have been necessary. The machine is now in first-class shape again.

George W. Lester, who recently assaulted Rev. Sisson, a Methodist minister at Lesterville, was arraigned before the U. S. Commissioner here Wednesday, charged with selling whiskey without having paid the government tax. Lester had paid his license and he was discharged.

DIED—At the residence of Mrs. Thos. Beard, Ironton, Mo., Friday, December 6th, 1901, at 2:15 o'clock P. M., Mrs. Ann M. Avery, relict of the late J. Avery, aged 74 years, 3 months and 14 days. The deceased had been a resident of Ironton for many years and was a most estimable lady in every respect. Her last illness was long and painful, but she suffered with patience and faith. Many friends mourn her death and remember her virtues. The funeral occurred from St. Paul's church Sunday, and the remains were interred in the Masonic cemetery.

There were four cases against George W. Lester at the November term of our Circuit Court; three for selling whiskey without license and one charging a felonious assault on Rev. Albert R. Sisson, a Methodist preacher. Mr. Lester pleaded guilty to two of the informations for selling whiskey and was fined \$40 in each case and one information for selling whiskey was dismissed at the cost of the defendant by Prosecuting Attorney. Mr. Lester paid the fines and costs and the felonious assault case was continued to the next term of the court.—Centerville Reformer.

The Fredericktown Democrat-News isn't particularly impressed with the Farmers' Institute meetings. The following is taken from a recent issue of that paper: "The Farmers' Institute was to be held in this city on the 26th and 27th was about as big a fizzle as has been seen in this city for a long time. The first meeting was advertised for Tuesday morning at 10 o'clock; a large number of people from the country came in to attend, but no lectures were here; about 1:30 o'clock Tuesday afternoon a young man drifted in and made a short talk at the court house and told what he knew about cows. Dr. D. E. Luckey and T. J. Mays were advertised as speakers for the first day, neither one of them were here; J. T. Stenson, C. P. Eckles and W. T. Carrington were advertised as the speakers for the second day; Dr. Luckey arrived here on the second day and made a talk at the court house Wednesday afternoon to a large assemblage of empty chairs. Arrangements had been made for state Superintendent of Schools Carrington to speak on education on Wednesday night, but the gentleman failed to show up or send any excuse. If these institutes are managed all over the state as they were here, the quicker they are abolished the better. They do no good, and bring the state universally into bad repute. If these 'professors' and 'doctors' want to travel over the state and have a good time, it is all right if they pay their own way, but it is an imposition to make the taxpayers of the state pay their expenses."

Dr. Wick is about to complete his residence at this place, and when so completed it will be one of the finest in the Valley. When the property was purchased by him several years ago, it was an ordinary two-story frame dwelling of very moderate dimensions; now it is a three-story, with twelve rooms, not including kitchen, bath, etc. The floors of the second and third stories are of oak, oiled and waxed. All around the house, above and below, are ample verandas, while an observatory on top gives one of the finest views of the Valley obtainable from any point. The outer walls are largely of glass, giving the utmost of light and sunshine to every apartment. The windows are made protective against the cold by being in every instance double-storm-sashes, reinforcing the inner. A huge fire-place and elegant mantel adorn and warm the sitting-room. The fire-place takes in a four-foot log without crowding, while the opening into the room is full six feet high. A double wire screen, of extra size and special make, renders the room secure from coals and flying sparks. The dining-room is a model in its location, its lighting and its accessories. In fact, the place, with its ample grounds, its unlimited supply of pure water, etc., is an ideal country home. And the Dr. is an ideal entertainer, as his many friends will testify. With a beautiful home, an admirable family, and possessed of good health, withal, he is a happy man. It may not be out of place here to state that the work which has made an elegant modern residence from the most commonplace beginnings, has been done under the supervision of Mr. Herman Dinger, a mechanic of acknowledged skill and ability.

How to Cure Croup.

Mr. R. Gray, who lives near Arcadia, Duchess county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Arcadia Valley Drug Co.

GIBRALTER.

Editor Lynch of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds, and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it." Arcadia Valley Drug Co.

From Bellevue.

Ed. Register—Notwithstanding the fact that a few of our weather-prophets have predicted no more rain of any consequence for two years, "the ground is at this time thoroughly soaked with rain, more rain than has fallen here since August, 1900." How little the feeble mind of man knows!

Not in years has been so good as it is at the present time, the fact is, to use the language of a physician, "it is distressingly healthy."

Perhaps none of the REGISTER's readers have enjoyed reading E. D. A.'s letters more than I. As a writer E. D. A. has but few, if any, equals in South-east Missouri. That's the verdict of many people throughout the Southeast. In view of this fact, it is not strange that the REGISTER is generally considered to be one of the best, if not the best, county papers in Missouri, and many of its correspondents, myself included, no doubt feel their weakness after having read E. D. A.'s communications.

Rev. J. H. Calvert has, I am informed, put in a small stock of dry goods on East Fork, and will try his hand at the mercantile business for a few years. We wish you success, Bro. C.

Not long ago Mr. and Mrs. J. M. Hawkins visited us.

The Second Baptist Church has recently purchased a new bell, which can be very distinctly heard at a distance of three or four miles. The Second Baptist now have their house complete, fairly well furnished, and are now out of debt; the fact is, it is singularly phenomenal how that church has prospered since it began its existence, three years ago. This fact alone is of sufficient moment to convince the most skeptical person that they (the Second Baptist) as a body are surely on the right track. But don't understand me to insinuate that all the other churches are on the wrong track; far from that. That which has far its object the bettering the status of society, lighting it to a higher plane of intellectual or moral greatness, and bringing man to have a more nearly perfect conception of God and his goodness to mankind, is, as I view the matter, always on the right track.

The Methodist Church house has recently been repainted, which very materially helps its appearance.

Dr. Adams has recently had his office repainted, which adds much to its appearance. This, with the many other improvements, adds very much to the general appearance of Bellevue proper.

Not long ago Mr. and Mrs. H. Lathas visited us.

Alvin Shy, of Reynolds County, visited in the Valley not long ago.

Judge Moyer attended Court in Ironton last week.

Eligah McGee, of Irondale, was in this locality a few days last week.

T. D. Shy, of Edge Hill, was in the Valley not long ago.

Recently the writer visited Judge Palmer, and while my stay was of short duration, I greatly enjoyed the company of Mr. and Mrs. P. May they live long and continue to prosper is the wish of the writer.

Mr. Jim Malone of Brule passed through town Saturday.

Rev. Turner of Graniteville was in town Saturday.

Mrs. Altheuser of Caledonia visited Mrs. Bond Sunday.

December 10, 1901.

Chas. Replogle, Atwater, O. was in very bad shape. He says: "I suffered a great deal with my kidneys and was requested to try Foley's Kidney cure. I did so and in four days I was able to go to work again, now I am entirely well." Arcadia Valley Drug Co.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitefield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." ### Christmas Photographs.

Beautiful photographs make excellent and appropriate holiday gifts. Hinchey's pictures are very artistic, and their exquisite finish and elegant mountings make them quite attractive. Studio 3536 Olive street, St. Louis.

### A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of appetite. Try it. Only 50 cts. Guaranteed. For sale by Arcadia Valley Drug Co.

### Rolled Out Rainbows.

St. Louis is ablaze with colored posters heralding the great annual event in American newspaper-making, namely, the appearance, Dec. 15, of St. Louis Post-Dispatch's Christmas number. This year all the leading monthly magazines' Christmas numbers combined will not equal in bulk or literary and pictorial output what the Post-Dispatch has billed for the Christmas number, Dec. 15. Bret Harte, America's greatest writer of Christmas stories, has turned from the monthly magazines and given his Christmas story to the Post-Dispatch. Charles Dickens' daughter—her father created the Christmas story—contributes her Christmas story also to the Post-Dispatch. And the children's supplement! Come, gather closely, children! There will be four whole pages of children's games printed in the colors of the rainbow and the child that solves a puzzle will get \$25 in gold. Indeed, the whole paper will be a rainbow in coloring—the biggest rainbow that big circulation-mad papers of the present day have yet rolled out on lightning presses and sold for less than cost in the struggle for circulation supremacy.

C. W. Lynch, Winchester, Ind., writes: "I owe the life of my boy to Foley's Honey and Tar. He had membranous croup, and the first dose gave him relief. We continued its use and it soon brought him out of danger." Arcadia Valley Drug Co.

One application gives relief. For sale by Arcadia Valley Drug Co.
